

Putting Your Garden to Bed for the Winter

Thursday, October 18, 10 a.m.-12 p.m.

The best gardeners know that gardening
doesn't begin in the spring, it begins in the fall!

In this Village Vancouver workshop with Mik Turje, you'll learn techniques for over-winter soil-building, soil protection in rainy rainy Vancouver, and pest and disease prevention for the following year. Set yourself up for success while your garden sleeps for the winter.

We'll have the community seed library present. Pick up some free seeds for your garden, swap or donate seeds.
