800 East Broadway

Tuesday, December 17: Winter Medicine

With Lori Snyder
10:00 a.m.—2:00 p.m.
800 East Broadway

This Indigenous-led project focuses on developing a community process for promoting understanding of the land around us and in our communities. We work together to build capacity for Indigenous communities to learn and practice land-based teachings.

All community members, including non-Indigenous neighbours, are welcome to join in. Together we explore knowledge to integrate actionable steps that can make social ecosystems and infrastructure work for urban Indigenous families and community members.

Hosted by

Mount Pleasant Neighbourhood House
800 East Broadway, Vancouver
Unceded Coast Salish Territory
